

# Titan Fabricated Strainers

**Brand:** Titan Flow Control

## Short Description

Titan's Fabricated Basket Strainers provide versatile design options to fit the needs of your application.

## Description

**Materials** Although Titan's standard Fabricated Basket Strainers are Carbon Steel, Titan has a full range of material selections. In addition, Titan Flow Control can add special coatings and linings, including steam jacketing, when required. **Typical end connections** for Titan's Fabricated Strainers are Flanged and Butt Weld connections. However, we would be happy to work with you on additional options.
